## CREDIT

---

The University of Tennessee College of Medicine designates this educational activity for a maximum of 7.25 hours in Category 1 credit towards the AMA Physician's Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the educational activity. To apply these credits toward your neurosurgery credits, please forward a copy of your CME certificate to the AANS at 5550 Meadowbrook Drive, Rolling Meadows, IL 60008 or fax to 847/378-0600.

---

## REGISTRATION

---

The registration for this meeting is:

- Physicians – \$200.00
- Presenting Physicians – \$150.00
- Managers and Administrators – \$25.00
- Residents, Nurses – No Charge (Residents need to include a letter from their Program Chairman verifying their status)

Pre-registration is requested before August 15, 2003. Registration includes refreshment breaks and course syllabus materials. Checks should be made payable to the University of Tennessee. Visa, Discover and MasterCard payment is acceptable. Cancellation notices must be received in writing before August 15, 2003. A fee of \$25.00 will be charged for all cancellations. No fees will be refunded after August 15, 2003.

*Return payment and completed registration form to:*

University of Tennessee  
Continuing Medical Education  
920 Madison Avenue, Suite C50  
Memphis, TN 38163  
(901) 448-5547

## ANNUAL MEETING

---

### August 23–24, 2003

Hilton Suites Downtown  
Nashville, Tennessee

*Jointly sponsored by:*  
The Tennessee Neurosurgical Society  
and  
The University of Tennessee Health Science Center  
College of Medicine

---

## OBJECTIVES

---

Upon completion of this program participants should be able to:

1. Review the anatomy and physiology of the vertebral body;
2. Summarize new research in the field of spinal biomechanics;
3. Review recent advances in neurovascular treatments;
4. Discuss the anatomy, biomechanics and surgical stabilization of the atlantoaxial region;
5. Give an overview of surgical options for cervicothoracic fractures;
6. Describe two financial indicators for measuring your practice's performance success;
7. Discuss at least two processes/procedures that should be a part of your practice's compliance plan;
8. Summarize current medical liability issues and concerns;
9. Evaluate indications for and techniques involved in salvage of the cervical internal carotid artery;
10. Manage complex peripheral nerve injury;
11. Evaluate the role of adjuvant therapy in the treatment of sinonasal malignancies.

---

*Gregory Corradino, M.D., President TNS, Kingsport Neurosurgical Service, Kingsport TN*
- 0815–0830 Development of Artificial Vertebral Body  
*Joseph S. Cheng, Assistant Professor of Neurosurgery & Co-Director Section on Spinal Surgery, Vanderbilt University Medical Center, Nashville TN*
- 0830–0845 Far Lateral Lumbar Discectomy  
*William E. Snyder, Jr., M.D., Neurosurgical Associates, Knoxville TN*
- 0845–0900 Minimally Invasive Spine Surgery  
*Jason R. Hubbard, M.D., Neurological Surgeons, Nashville TN*
- 0900–0915 Lumbar Discectomy Experience with Met Rx System  
*Victor Freund, M.D., Bristol Neurosurgical Associates, Bristol TN*

- 0915–0930 Tethered Spinal Cord  
*Frederick A. Boop, M.D., University of Tennessee, Semmes-Murphey Clinic, Memphis TN*
- 0930–1000 Coffee & Exhibits
- 1000–1045 Medical Liability Crisis  
*Katie Orrico, J.D., Director, Washington Office, AANS/CNS, Washington DC*

### Resident's Corner

- 1045 – 1100 Current Concepts in Neurovascular Therapeutics  
*Anthony J. Alastra, M.D., Chief Resident, Neurosurgery, Vanderbilt University Medical Center, Nashville TN*
- 1100–1115 Atlantoaxial Stabilization: Advances in Surgical Techniques  
*M. Adam Kremer, M.D., Chief Resident, Neurosurgery, Vanderbilt University Medical Center, Nashville TN*
- 1115–1130 Missed C7-T1 Fractures and Cervical Spine Clearance  
*John Spooner, M.D., Resident, Neurosurgery, Vanderbilt University Medical Center, Nashville TN*
- 1130–1145 The Treatment of Advanced Sinonasal Malignancies with Pre-Operative Intra-Arterial Cisplatin and Concurrent Radiation – The Memphis Experience  
*L. Madison Michael, II, M.D., Resident, Neurosurgery, University of Tennessee College of Medicine, Memphis TN*
- 1145–1200 Peripheral Nerve Injury and Repair: A Case History  
*Jean-Pierre Mobasser, M.D., Resident, Neurosurgery, University of Tennessee College of Medicine, Memphis TN*
- 1200–1215 CSNS Update  
*Frederick A. Boop, M.D., University of Tennessee, Semmes-Murphey Clinic, Memphis TN*
- 1215–1300 Business Meeting

### SUNDAY, AUGUST 24, 2003

- 0730–0800 Beverage Service & Exhibits
- 0800–0815 Introductions and Announcements  
*Gregory Corradino, M.D.*
- 0815–0900 The Five “Ps” of Practice Management  
*Kim Pollock, RN, Karen Zupko & Associates, Chicago IL*

- 0900–0930 Priority Consult: Referral Management System  
*Michael J. Gilligan, FACHE, President and CEO, Mayfield Clinic, Cincinnati OH*
- 0930–0945 Socio-Economic Issues Affecting Tennessee Trauma Systems  
*Shelly D. Timmons, M.D., University of Tennessee, Semmes-Murphey Clinic, Memphis TN*
- 0945–1015 Coffee & Exhibits
- 1015–1030 Cone Beam CT: Evolution and Potential Applications in Neurosurgery  
*Robert J. Singer, M.D., Neurological Surgeons, P.C., Nashville TN*
- 1030–1045 Posterior Fossa Decompression for Chiari Malformation  
*Larry Hartman, M.D., Kingsport Neurosurgical Service, Kingsport TN*
- 1045–1100 Cervical Carotid Artery Salvage  
*Clarence B. Watridge, M.D., Associate Professor, Department of Neurosurgery, University of Tennessee, Semmes-Murphey Clinic, Memphis TN*
- 1100–1115 The Role of Aneurysm Surgery after I.S.A.T.  
*Sanat Dixit, M.D., Semmes-Murphey Clinic, Memphis TN*
- 1115–1145 Panel Discussion: ISAT vs. Surgery for Aneurysm  
*Sanat Dixit, M.D., Semmes-Murphey Clinic, Memphis TN*  
*Robert J. Singer, M.D., Neurological Surgeons, P.C., Nashville TN*  
*Clarence B. Watridge, M.D., Associate Professor, Department of Neurosurgery, University of Tennessee, Semmes-Murphey Clinic, Memphis TN*
- 1145–1200 Closing Comments & Resident's Awards  
*Gregory Corradino, M.D.*
