

The Tennessee Neurosurgical Society exists to represent the interests of all neurosurgeons in the state of Tennessee. Our goal is to provide for education and collegiality between members and to provide a cohesive voice representing the neurosurgical perspective in political and public forums for issues that affect our region.

Program Learning Objectives

Upon completion of this educational activity, participants should be able to:

1. Discuss the implementation of healthcare reform via the Affordable Care Act, future implementation of ICD-10 and emerging payment and reimbursement strategies seen in the Tennessee market.
2. Discuss current treatment paradigms for central nervous system neoplasms including surgical management vs. radio surgery applications.
3. Describe the current state of medical/socioeconomic issues facing neurosurgeons in Tennessee.
4. Discuss the best current treatment for acute subarachnoid hemorrhage.
5. Articulate the role of protective helmets in various athletic activities.
6. Discuss and implement recent advances regarding the current standard of care for spinal surgery.

Disclosure Statement

Before the program, anyone in control of the educational content of this activity will disclose the existence of any financial interest and/or the relationship they or their significant other have with the manufacturer(s) of any commercial product(s) to be discussed during their presentation. Disclosures will be included in the final program.

This activity will consist of live presentations, with interactive discussion, case studies, and abstract presentations.

Participants’ Profile – Tennessee Neurosurgeons, Neurosurgical Residents from Vanderbilt and the University of Tennessee, Advanced Nursing Personnel, Office managers/administrators.

The Annual Tennessee Neurosurgical Society meeting is an opportunity for fellow neurosurgeons across the state of Tennessee to gather together and share ideas, clinical experience, surgical techniques and offer advice to fellow colleagues. This is a weekend meeting in a locale that is easily accessible to neurosurgeons throughout Tennessee. The format allows for participation by residents from Vanderbilt University and the University of Tennessee-Memphis. We have also been able to include PA’s and NP’s as well, enhancing a close and intimate atmosphere to meet educational objectives.
